Hawaiian Electric Company.

The cleanest, brightest safest and really, in the long run, the cheapest and best light for use in the family residence, is the incandescent electric light. Safe, nothing could be safer. A few days ago a prominent gentleman of Honolulu came rushing down to the office of the Electric Company and said: "Give me figures for wiring my house, and I want it done at once; no more lamps for me. Last night a lamp tipped over and it came so near setting fire to the house and burning my children and I take no more risks." This is the sentiment of quite a number in the past few weeks, who have ordered their houses fitted with the perfect light. Just think it over and make up your mind that you want the best and safest light; send for the Hawaiian Electric Company and tell them what you want. We have a complete stock of everything in this line and have just received a lot of the very latest designs in chandeliers

GIVE US A CALL.**Stop Coughing!**

Every cough makes your throat more raw and irritable. Every cough congests the lining membrane of your lungs. Cease tearing your throat and lungs in this way. Put the parts at rest and give them a chance to heal. You will need some help to do this and you will find it in

Ayer's Cherry Pectoral

From the first dose the quiet and rest begin; the tickling in the throat ceases; the spasm weakens; the cough disappears. Do not wait for pneumonia and consumption but cut short your cold without delay.

Ayer's Cherry Pectoral cures because it heals. It goes to the very seat of trouble, quiets the inflammation and makes a permanent cure. Begun in time, it is the one great preventive to all serious lung troubles.

Beware of cheap imitations. See that the name Ayer's Cherry Pectoral is blown in the glass of each bottle. Put up in large and small bottles.

ANCIENT ROMAN HOSPITAL

DISCOVERED IN EXCAVATIONS AT BADEN.

It Contains Fourteen Rooms Supplied With Many Kinds of Medical and Surgical Apparatus.

The Zurich correspondent of the Times announces that an ancient Roman hospital has been brought to light at Baden, near Zurich, the discovery having been made in connection with recent excavations at Windisch, the Roman Vindonissa. At Vindonissa the two great Roman roads met, the one leading from the Great St. Bernard along Lake Lemano and then by Aventium and Vindonissa to the Roman stations on the Rhine; the other leading from Italy to Lake Constance by the Rhaetian Alps, the canton which is now Winterthur, Baden, and Windisch. The last point was the station of the seventh and eighth legions, and close to the Roman road the hospital has been discovered. It contains fourteen rooms, supplied with many kinds of medical, pharmaceutical and surgical apparatus, the latter including probes, tubes, pliers, cauterizing instruments, and even a collection of safety pins used in bandaging wounds. There are also measuring spoons in bone, and silver measuring vessels, jars and pots for ointment, some still containing traces of the ointment used. The excavations have also revealed a large number of silver and copper coins, the former belonging to the reigns of Vespasian and Hadrian and the latter bearing the effigies of Claudius, Nero and Domitian.

AS OTHERS SEE US.

Observations of a Soldier-Boy Letter Writer.

There are some things about one's home that never can be learned except by going abroad. One of the soldier boys bound for Manila, who went through here on the Indiana, writes thus to the Joliet (Ill.) Daily News: "Honolulu, July 6.—We are here at last. Got here at 3 o'clock this morning, but have not been on shore yet. This is a very nice place. The Queen of the island gave us a fine dinner. The people here are very anxious to be annexed to the United States. The streets are narrow and the buildings are small, but everything is very clean and flowers grow everywhere. There are coconuts, banana and pineapple trees in the yards.

"The population is about one-third Americans and the rest are Japs. The people of San Francisco were good to us, but the people here are still better. I will write when we get to the island."

LI HUNG CHANG ELEVATED.

Administration of China Changed and Emperor Relieved of Real Power.

LONDON, August 2.—The Pekin correspondent of the Standard says: Today (Monday) the empress dowager openly relieved the emperor of all real power. The ministers take their instructions directly from her, and Li Hung Chang practically superseded the Tsung Li Yamen.

It is rumored that Sir Claude MacDonald, the British minister, before the Tsung Li Yamen, accused Li Hung Chang of betraying China to Russia, and it is said that Li Hung Chang has threatened to demand the recall of Sir Claude MacDonald.

Y. M. C. A. TENT.

The tent to be put up by the Y. M. C. A. at Camp McKinley is to be equipped as a reading and writing room for the boys. Religious services and musical entertainments will be held in it as well.

About one month ago my child, which is fifteen months old, had an attack of diarrhoea, accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief, we sent for a physician and it was under his care for a week. At this time the child had been sick for about ten days and was having about twenty-five operations of the bowels every twelve hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended, and I decided to try it. I soon noticed a change for the better; by its continued use a complete cure was brought about and it is now perfectly healthy.—C. L. BOGGS, Stumpdown, Gilmer Co., W. Va.
